INDEX OF NAMES INCLUDED IN THE SIXTY-SECOND BIBLIOGRAPHY

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I); thus, Almagià, R., XV(2) means that a paper by Almagià is listed under fifteenth century, 2nd half.

The Arabic figures refer to the historical and to the systematic classification (Parts II and III) which are subdivided into sections numbered consecutively from 1 to 60. For instance, Albright, W. F., 8 indicates that a paper by Albright is listed in section 8 (Asia); Attwater, D., 49 indicates that a paper by Attwater is listed in section 49 (Religion).

The symbols IV(a), IV(b), and IV(c) refer to the new sections on America, Oceania, and Africa at the end of Part II. For instance, Barber, B., IV(a) indicates that a paper by Barber is listed in section IV(a) (America).

INDEX OF NAMES INCLUDED IN THE SIXTY-THIRD BIBLIOGRAPHY

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I); thus, Adontz, N., X(2) means that a paper by Adontz is listed under tenth century, second half.

The Arabic figures refer to the historical and to the systematic classification (Parts II and III) which are subdivided into sections numbered consecutively from 1 to 60. For instance, Asín Palacios, M., 14 indicates that a paper by Asín Palacios is listed in section 14 (Islam); Byers, C. F., 27 indicates that a paper by Byers is listed in section 27 (Biology).

The symbols IV(a), IV(b), and IV(c) refer to the new sections on America, Oceania, and Africa at the end of Part II. For instance, Wissler, C., IV(a), indicates that a paper by Wissler is listed in section IV(a) (America).

INDEX OF NAMES INCLUDED IN THE SIXTY-FOURTH BIBLIOGRAPHY

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I); thus, Ahmedali, A., X(2) means that a paper by Ahmedali is listed under tenth century, second half.

The Arabic figures refer to the historical and to the systematic classifications (Parts II and III) which are subdivided into sections numbered consecutively from 1 to 60. For instance, Albright, W. F., 2 indicates that a paper by Albright is listed in section 2 (Egypt); Aldredge, R. C., 33 indicates that a paper by Aldredge is listed in section 33 (Meteorology).

The symbols IV(a), IV(b), and IV(c) refer to the new sections on America, Oceania, and Africa at the end of Part II. For instance, Debo, A., IV(a) indicates that a paper by Debo is listed in section IV(a) (America).
